

## CLOSURES · 12 FORMATS

# Caps & closures

Twelve closure formats — single-serve water through 5-gallon multi-use.

<b>12</b>	<b>IMD 6-cam</b>	<b>100%</b>
Closure SKUs in production	Inline inspection	rPET capable where applications & approvals allow

## About the family

Every closure passes the IMD 6-camera inspection system: top view, inner thread, outer surface, tamper band, and sealing surface. Detects contamination, deformation, color deviation, surface defects, thread issues, tamper-band defects, and sealing-area abnormalities. HDPE and PP materials across water, CSD, oil, juice & dairy applications.

## 12 closures in production today

SKU	Neck	Weight (g)	Material	Application
DEN-CLO-29_21_OIL_1_PIECE	29/21	1.5	LDPE	Edible oil
